This Side Of The Sun

By Phat

Oh, give me a home
Where the buffaloes roam
And my cup of joy will be full.
Buffaloes are gone,
But that won't stop the song
We'll always have oodles of bull.

The kind of news I like to hear fell into my ears today. Just got orders from my boss. . . . "Phat," he said, "we're loaded. . . . Make it short and snappy. . . . So I answered back: "Phat," I said, "I'll gladly make it short but as to the snappy part, that's something else again. . . . Phat and I get along pretty well. . . . We like each other."

COMMUNICATIONS were mostly on that clean-up item I ran last week. . . . Most people agree. . . . Some of the boys who hose down the walk let it splatter a bit as I walked past at dawn. . . . Seems they'd rather work on Tuesday than on Sunday and didn't like the idea of cleaning up Saturday night's debris before Monday a. m. . . . Some cards came in which named specific places. . . . But there are libel laws so cannot print. . . . One card set forth that there was a sidewalk in town that had been innocent of broom since it was laid. . . . The sidewalk, not the town. . . . Others had to do with artistic street lights and thought it could be done. . . . One communication sounded a warning: "Don't these slovenly people who dump their rubbish on neighbors' lots know that there are three city ordinances forbidding this practice and all carry a \$300 fine as penalty?"

WELL, here's the bottom. . . . Full many a budding thought intended for today is going to have to bloom and be smelled Tuesday. . . . Anyway, it will smell. . . . "The loaded" in the early stages of this essay refers to the newspaper not the writer or any reasonable facsimile of same.

Knowland Warns Against Over Confidence in Talk For Dewey-Warren Here

Speaking before an early morning gathering of approximately 80 Village Republicans at breakfast on the Mashie Court of the Desert Inn Wednesday, Senator William F. Knowland, California campaign manager for Dewey and Warren, warned against over-confidence in a Republican victory Nov. 2 and pointed out that aside from the election of Dewey and Warren, it would be tragic if elective senate seats were to be occupied by Democrats.

"I have just returned from a 32-state campaign tour with Governor Earl Warren," said Senator Knowland, "and am convinced that the next president of the United States will be Dewey and the next vice-president, Earl Warren."

"But the only votes that will elect them will be those that are cast next Tuesday."

AT THIS POINT the senator warned against over-confidence, declaring that "we must carry every county overwhelmingly in the state."

His campaign experience, Senator Knowland said, indicates that the people of this country are ready for a change in the executive administration of the nation.

WAL Leaders Honor Guests At Luncheon

Palm Springs will welcome Western Air Lines officials today at a luncheon meeting at the Racquet Club at noon preliminary to the resumption of service Nov. 1 between the Village and Los Angeles with two flights daily.

Terrill C. Drinkwater, president of Western Air will be the principal speaker.

Chamber of commerce and city officials and civic leaders will be present.

A series of courtesy flights over Palm Springs is scheduled for morning and afternoon.

Half hour flights will be operated at 9 and 10 a. m. and 2 and 3 p. m. Those desiring to ride should be at the airport 20 minutes before these times to check in, said Richard A. Dick, vice-president of the company, City councilman and chamber of commerce officials will ride on a special flight at 11 a. m.

Hilton McCabe Succeeds Ray Sorum on School Board

Another change in the personnel of Palm Springs Unified school district board was announced this week with the word that Hilton McCabe, local attorney, had succeeded Ray Sorum.

Sorum resigned this week due to the pressure of outside business and County Superintendent E. E. Smith appointed McCabe to succeed him. Two weeks ago, Conrad Nelson of Desert Hot Springs was appointed to succeed W. R. Hilley of Cathedral City, member of school boards here for more than a decade. Hilley also resigned due to other business.

McCabe has been a resident of Palm Springs for almost three years. The family resides at 3920 Calle San Antonio and he maintains an office at 457 North Palm Canyon drive. He has three children in Village schools.

He has been active in civic and business organizations in Palm Springs. He is judge advocate for American Legion, secretary, Home Owners league, and director, chamber of commerce. He is also chairman of Red Cross, and board member of the Rotary club.

McCabe has a bachelor of science degree in business administration from University of Southern California and an L. D. from University of Southern California. He was former law secretary to Justice Douglas L. Edmonds, supreme court of California and practiced law at Los Angeles prior to the war. He entered service in April 1942 and was placed on inactive duty in December, 1946 with rank of Lt. Col. Judge advocate-generals department.

Village Full Up as Fifth Annual Western Week Gets Under Way

City's Biggest Convention Starts Today

More Than 2000 Expected Here for Menswear Sessions

Vanguard of more than 2000 persons expected here for the fourth annual Menswear Manufacturers association of Los Angeles convention began arriving late yesterday afternoon with registrations to get underway this morning at The Desert Inn, and expected to last all day, according to Richard Malony, executive director of the organization.

Malony, among those to arrive in the Village yesterday, said that the program for the biggest convention of menswear manufacturers and for representatives of allied industries is completed.

THE PEAK IN attendance at the Palm Springs Roundup, as the event is called, will come Sunday, when manufacturers from all over southern California will see the latest in men's sport styles displayed on live models at the fashion show. The show itself will be held on the Mashie Course of the Desert Inn and will be the climaxing event of the three day convention.

Those attending will mix fun with business. Highlight of the business sessions will be the merchandising session to be held all day Saturday on the grounds of Desert Inn with merchandising experts representing some of the largest business firms in the nation addressing the group. For the first time live models will enact recorded speeches on the best method of selling merchandise.

THE FUN-SIDE of the convention will be highlighted with a breakfast ride Saturday morning; a dinner dance the evening of the same day and a golf match for the winners of the O'Donnell Golf Course Sunday morning.

Wizard of Oz Next Showing

The famous Wizard of Oz is coming to Palm Springs next Wednesday when a brand new puppet show will be shown at the El Paso theater by Mr. and Mrs. Irving Sussman and their Marionettes.

The shows are under the sponsorship of the Girl Scout Council and the proceeds go toward the building fund.

Unemployment Fund Costing Business Men Huge Sums

Southern California businessmen, numbering more than 200, gathered to study employer-employee relations at the sixth annual conference of the Merchants and Manufacturers association which closed at noon yesterday after a four-day session at The Desert Inn, heard nationally known experts on improvement at labor relations.

Conducted in panel discussions consisting of six groups, southern California businessmen were amazed to hear that during three years of full employment in this state more than \$400,000,000 in unemployment insurance was paid out. Another amazing revelation made was the results of a survey which showed that the amount of pay received by workers ranked seventh among 10 leading factors involved in job satisfaction.

John H. Nelson, associate counsel of the U. S. & M. association reported on the vast sum of money paid out in unemployment insurance and warned that manufacturers and business men to be concerned over the trend because they are paying the bill to the tune of more than \$100,000,000 a year.

Dilman K. Smith, reporting on employee job satisfaction, blamed strikes and misunderstandings between employer and employees on the lack of information from management.

A job survey indicated, Smith said, interesting work ranked first in job satisfaction; and the others, in order, are job security; personal interest the company takes in workers; chances for advancement; good working conditions; handling of complaints; good immediate boss; vacation policies and finally good hours. Wages paid ranked seventh, if they were not sub-standard to begin with.

Record Vote Prediction For Tuesday

Propositions to Make Up for Lack of Contests for Office

With more than 3500 voters eligible to go to the polls Tuesday, Palm Springs is expected to cast one of the largest votes in its history in the presidential election.

The interest this year centers in the 19 propositions on the ballot. Outside of the presidency, there are no contests on the ballot as county and state officers were decided at the June 1 primary.

INTEREST in Propositions 12, 13 and 14 plus the determination of the local Dewey-Warren committee to get out a big vote is expected to account for the size of the vote here Tuesday.

The local Dewey-Warren committee has launched an intensive "get out and vote" campaign and has designated Foster C. Simonson as captain of the various precinct leaders.

PRECINCT LEADERS have been named to work with other volunteers in their districts to get out the vote. The captains are No. 1, Mrs. Alta Phillips, Mrs. Ella Johnson; No. 2, to be named later; No. 3, Mrs. Gordon Feekings; Mrs. Helen Staley; No. 4, Mrs. Ida Hotchkiss; No. 5, Mrs. Edith Lykken, F. W. Camp; No. 6, Mrs. Adele Brott, Herbert Burns; No. 7, Mrs. Evelyn Purcell; No. 8, Ostrander; No. 9, Henderson, Mrs. Frances Bauer, Lawrence Crossley; No. 10, Robert Bennett; W. B. Maraville, Jr.

Villagers vote at nine precincts and polls will be open from 7 a. m. to 7 p. m.

Mrs. C. A. Hyde Seriously Ill

Mrs. Clarence A. Hyde is in the Palm Springs Community hospital under diagnostic observation with the strong possibility, according to her physician, that she may have to undergo major surgery. First call was issued on the Village "Walking Blood" created by Palm Springs Park 34 of Amvets with generous response.

Fashionable La Paz Opens for Season

Annual Hallowe'en Party On Slate in Village Tonight

Tonight is the night and it looks like a big one. By edict of Mayor Charles Farrell, it's Hallowe'en in Palm Springs. Hallowe'en comes on Sunday night elsewhere but not in the Village.

Paul Summers of the high school staff this year is chairman of the Lions committee which annually stages the youngsters Hallowe'en party.

BOYS WILL ATTEND the Palm Springs-Hemet high football game first and then feast at the expense of the Lions. Girls will attend a free show at the Palm Springs theater as guests of Lion George Strebe. They'll get a bag of popcorn going in and an ice cream bar coming out, for free. Their show starts at 7 p. m.

Between halves at tonight's football game, Frances S. Stevens and Cahulla school touch football teams will put on a game. After the football game there will be contests for distance punting, accurate punting, distance place kicking, accurate passing, accurate punting, pass receiving and punt fielding. Those are for lads in grades 5, 6, 7 and 8. Prizes will be given the winners.

FREE REFRESHMENTS will be given those attending both the boys and girls parties. With Hallowe'en observance here tonight centered in these two parties, Sunday night, Hallowe'en on the calendar, will be just like any other night and pranks won't be considered funny—they'll be treated as any other law violation.

Curfew shall not ring tonight but it's going to sound loud and loud as usual Sunday night.

County's Answer Attacks Guiberson Charges, Asks Dismissal of Complaint

First legal maneuvering in the battle started by Samuel A. Guiberson to keep Riverside county from enforcing the 66-square-mile ordinance barring heavy industry around Palm Springs, took place Wednesday with the filing of an answer to Guiberson's complaint in federal court by County Counselor Earl Redwine.

Cathedral City Meeting Maps New Zone Area

Preliminary meeting to plan for zoning the area from Cathedral City to Indian Wells as a resort area barring heavy industry was held at the Cathedral City Town Hall Tuesday night.

As a coordinating committee representing Palm Springs, Cathedral City, Indian Wells, Earl Coffman, Harry Harper and Florin Boyd were present. M. J. Swetland and James Ramsey represented Rancho Mirage; Arthur Chapman was there from Palm Desert; W. B. Hoskins, Palm Village; Frank Bogert, Thunderbird and L. C. Lewis, W. R. Hilley, Paul W. Clark, Cathedral City.

It was the unanimous recommendation of those present to prepare an ordinance patterned on Palm Springs area zoning with some minor changes and to make the boundaries from where the Palm Springs ordinance leaves off near the Cree Ranch to Point Happy, or possibly Washington avenue just east of the point, depending upon sentiment in that area.

Flames Threaten Cathedral Center

Prompt action of the Cathedral City fire department Monday prevented serious disaster to the community when flames swept a five-family apartment. One apartment was damaged badly and the other fire damaged by water and smoke.

Butch Harris, driver of the state forestry fire department stationed in the community, assisted by volunteers, prevented a spread of the flames to adjacent buildings.

Dr. M. B. Kane, owner of the building, said carelessness of a departing transient guest was responsible. A heater had been left too close to a bureau. Considerable damage was done to the room in which the blaze started.

Dr. McKane suffered a heart attack just as the department arrived and had to be hurried to medical care.

The damaged structure is known as West View court and stands in the center of a group of downtown buildings.

Hot Rods Sought

Two hot-rods DeLon Erwin, 21, Redlands and Donald J. LaSage, 24, San Bernardino, were questioned by police last night following a report from Robert Savage, 345 North Indian avenue that he had chased a prowler from his yard who made his escape in a hotrod automobile.

4-Day Event Finds Many Visitors Here

Deputies Roaming Streets Looking for Kangaroo Victims

Western Week broke like a clap of thunder over the Village yesterday.

All Villagers and visitors here for the four festive days, appeared on downtown streets either completely attired in western clothes or with at least a zany colored kerchief tied around their necks. And most of them were seen warning the few who had forgotten that annual event began yesterday, to go home and get some western gear on or that big bad judge would be looking down his nose at them in Kangaroo court.

STARTING GUN of Western Week was sounded when members of Los Compadres and Villager horsemen rode down Palm Canyon drive at noon, proclaiming the beginning of the four gala days.

Kangaroo Court went into its first session last night with Frank Bogert acting as judge and Bill Grant the court's high sheriff. He was assisted by the women members of Los Compadres as sheriff deputies.

Today greeting committees of the riding club were meeting persons arriving in the Village to attend the Menswear convention. Scheduled all day is a hunt by the deputies for those Villagers and visitors not observing Western Week in the proper spirit and to hail them into court.

TONIGHT AT 8 P. M. a free Village-wide dance on the parking lot behind the Safeway store will take place with the Smokey Mountain Wranglers furnishing the music. Saturday the day will be spent by Los Compadres in showing visitors about the town. At 8 p. m. the Del Tahouitz hotel will hold a "big hon-ton western dance" with the Smokey Mountain Wranglers again officiating.

Sunday the annual Western Week parade will start down Palm Canyon drive at 12 noon and end at the Field Club where a Western Show will take place.

Two-Bit Machine Raided by Thieves

Everett Lilly, manager of the Union Ice company reported to police that thieves had broken into the twenty-five cent machine and escaped with an unknown quantity of quarters. The theft took place sometime between 8 p. m. Monday and 8 a. m. Tuesday.

The PUBLISHER'S Corner by OLIVER B. JAYNES

FOR THE GUIDANCE of voters, The Desert Sun gives below a brief explanation of the propositions to be voted on next Tuesday, together with our recommendations.

- NO. 1—Veterans' Tax Exemption** Vote "NO"
Changes present law by basing veterans \$1,000 tax exemption on ASSESSED valuation. This is done in practice anyway. The amount would make it possible, however, for veterans to own an unlimited amount of unassessed property and still get the exception legally.
- NO. 2** Vote "NO"
Local Control and Enforcement of Intoxicating Liquors
This measure deals with local enforcement of regulatory measures governing presence of women and minors in places where liquor is served. It is inadequately worded and would be difficult to enforce. It turns liquor license fees over to cities and counties. . . . but they get that ANYWAY under the present law.
- NO. 3—Railroad Brakemen** Vote "YES"
Changes present law (enacted in 1911 which requires railroads to employ from 1 to 5 extra brakemen on freight trains. Empowers the State Public Utilities Commission to determine number of brakemen required and prevents feather-bedding and unnecessary costs to railroads.
- NO. 4—Aged and Blind** Vote "NO"
Increases State aid to aged from \$60 to \$75 a month and to blind from \$75 to \$85 a month. These increases are needed to offset living costs, but it is bad practice to "freeze" fixed allowances in the constitution.
- NO. 5—Compensation to Legislators** Vote "YES"
Present \$100-a-month salaries for state legislators is too little compensation for the amount of work now required. They'll get \$250 if this amendment is passed, as a bill fixing salaries has already been signed by Gov. Warren.
- NO. 6—Regulation of Commercial Fishing** Vote "NO"
This measure, which prohibits commercial fishing with nets in San Francisco Bay area, is difficult to decide from arguments advanced by both sides. It seems to work a hardship on the fishing industry out of proportion to the advantages gained. . . . so we oppose it on this basis.
- NO. 7—Residence of Voters** Vote "YES"
NO. 8—Superior Judges, Vacancies Vote "YES"
NO. 9—Succession to Governorship Vote "YES"
NO. 10—Initiatives Vote "NO"
Limits initiative amendments such as those you are voting on here to "one subject." The voters are capable of deciding whether

Sports World Leader, Villager For Years, Dies

Funeral services were held this week in Chicago for Harry Grabner, 57-year-old vice-president of the Cleveland Indians and winter resident in Palm Springs for the past 15 years. Grabner died Sunday following a brain tumor operation.

He is survived by his wife Dorothy, his daughter and son-in-law Mr. and Mrs. Fred Friedlob, and his brother, Joseph and wife, usually rented a home during winter months in Palm Springs. In addition to being an officer in the Cleveland Indian club, he had a large financial interest in the baseball organization.

Grabner, his wife, daughter and her husband, Fred Friedlob, and his brother, Joseph and wife, usually rented a home during winter months in Palm Springs. In addition to being an officer in the Cleveland Indian club, he had a large financial interest in the baseball organization.

HIS CAREER was a real life Horatio Alger story. He started as a vendor of peanuts, popcorn and refreshments in the grandstands of the White Sox and performed such other duties as ticket seller, usher and sweeper. In 1906 he was named assistant secretary, and he became secretary of the White Sox in 1915. From 1917 to 1945 he was vice-president and general manager. He resigned during the latter year.

In Cleveland, Bill Veeck, president of the Indians and a lifelong friend of Grabner, said "baseball in general and Cleveland in particular has suffered an irreplaceable loss."

The Grabners had a host of friends in the Village who will mourn his passing.

Board's Attitude On Liquor Made Clear at Session

Liquor licenses as they effect the schools, sale of liquor to minors, closer co-operation between school and parents and the formation of a Garden Club to beautify school grounds were principal items on the agenda of Palm Springs Unified School district board at its meeting Wednesday.

Two new board members, Cinrad Nelson and Hilton McCabe were present for the first time.

THE BOARD DECIDED that it should be concerned only with liquor licenses which were within a 300 feet proximity of any school under their jurisdiction and voted to send a letter to this effect to city council and board of supervisors.

The Board discussed at some length the undesirability of the conditions which apparently makes it possible for minors to get hold of intoxicating liquor. The possibility of procuring the cooperation of parents and school and tavern owners in solving this problem was considered.

CLOSER COOPERATION between school and parents was also discussed. Various means of doing this were suggested, such as special invitations from the schools to the parents urging them to visit class rooms and other activities which take place in the school in order that they may have a better idea of what the school is attempting to accomplish. The contributions which could be made by mothers clubs, parent teacher groups, open house, and the like were considered.

The possibility of enlisting the participation and cooperation of the Garden Club in beautifying the high school campus, especially around the new buildings such as the gymnasium and swimming pool, was suggested.

OTHER GENERAL educational problems such as home work, unnecessary absences, and child welfare were discussed with several significant ideas and solutions emerging.

Cement Mill Controversy Still Heard

Supervisors Receive Protest Letter from County VFW Group

S. A. Guiberson's cement mill and the mountain-desert zoning ordinance caused another explosion at Monday's board of supervisors meeting when a letter from the county Disabled Veterans of America council was read.

The letter contained copies of a resolution attacking the board for establishing the 66-square mile district around Palm Springs.

CAMPAIN TO OUST supervisors who voted for the ordinance was threatened in the letter unless an immediate hearing was granted on modification of the measure.

Supervisors declared that several hearings were held on the ordinance before it was adopted. The letter also declared that the organization understood a county-wide ordinance barring heavy industry was planned and asked a hearing on that, too.

The letter charged that the zoning ordinance was passed without consulting the people affected and charged, also, that the board yielded to a "Palm Springs pressure group."

IN THE MEANTIME, S. A. Guiberson, whose proposed cement mill north of the Village, precipitated the matter, declared in Los Angeles that the ordinance was barring other industry, too. He released a statement in which he declared industries depending on his mill for supplies, planned to build in the county if the mill was constructed.

No Blaze, Just Short in Alarm

An electrical short in the fire alarm system at Bullock's department store directly connected with the fire siren atop the Fire Hall caused firemen to rush equipment to that establishment.

The siren let got with one single blast followed a few minutes later by another. When firemen returned to the station, they reported no fire at Bullock's and that the electrical system in that store would be repaired.

Police to Appear in Western Outfits

Police officers Wednesday went into winter uniforms. During Western Week each will wear a Western tie, the only change in their uniform permitted.

Rosa Linda's Piano Styling Pleases Throng

Highlight of the opening of the Saddle and Sirlin, Dave Lyons' redecorated and rebuilt restaurant on North Palm Canyon drive Wednesday was the appearance at the Copper Bar of Rosa Linda, a different pianist and known as a brilliant stylist at the keyboard.

She will be here for a limited engagement while on tour of the west coast playing with symphony orchestras and making concert appearances.

The Saddle and Sirlin, carrying a distinctive and authentic western motif, opened this week with a gala throng present. It was formerly known as Mr. Dee's but the name was changed this year to conform to that of other Dave Lyons restaurants in Hollywood, Los Angeles and Bakersfield.

PIANIST—Rosa Linda, brilliant stylist at the keyboard, who opened her engagement at Dave Lyons Saddle and Sirlin restaurant this week.

Assault Suspect Remanded to Jail

Edward C. Terebienie, 24, itinerant worker charged with attempted assault on an elderly Village woman was remanded to county jail in lieu of \$5000 bail following his arraignment before Judge Eugene E. Theriault Tuesday. His preliminary hearing was set for November 5.

Terebienie is said by police to have confessed to the charge. Police Jess Kirkpatrick summoned to the home of the woman at 2:30 a. m. Sunday by neighbors, arrested the accused man.

First Field Trip Held by Museum

Twelve people took part in the all-day hike last Saturday to Lost Palms canyon in Joshua Tree National Monument. The group left the Museum and drove to Cottonwood Springs, hiking from there four miles over a newly improved trail to the seldom-visited palm oasis. Among those taking part in the trip was Dr. E. M. Harvey, botanist, a member of the Museum's Scientific Advisory Board.

Meanwhile, wash and dry apples, stick on wooden skewers. Dip apples in mixture and twirl for a smooth coating. Stand apples in meshes of cake cooler to dry. Add an additional tablespoon or two of evaporated milk if mixture gets too hard for coating.

Officers on Way To Take Emert East for Hearing

In county jail awaiting arrival of eastern officials, with bond set at \$10,000 was William Emert, one-time prominent citizen of Aliquippa, Beaver County, Pennsylvania, wanted since April of 1946 for kidnapping his girl friend, Mrs. Irma Hauhnor.

After a manhunt covering the continent from Pennsylvania to Wyoming, then into California and the southwest Emert was located by the FBI in Palm Springs, where he was employed as a dishwasher in one of the cafes here. He was brought before United States Commissioner Alva D. McGuire for a hearing Oct. 12, following his arrest under provisions of the U. S. Code which cover fleeing from a state to avoid criminal prosecution.

Dist. Atty. William Coghlan of Beaver County, Pa., Chief of County Detectives Mike Kane and County Detective Howard Murray are on their way to Riverside to pick up Emert, Riverside county authorities were informed Saturday Emert was indicted by the September, 1946, grand jury in Beaver County on a district attorney's bill. It is understood that Emert will not fight extradition.

The charge against Emert, according to word from Pennsylvania, is assault with attempt to kill. It grew out of a violent quarrel between Emert and the

Male of Species More Exuberant Than the Female

That hospital officials have more trouble with husbands than with mothers when a blessed event rolls around was illustrated the other day in a report to Palm Springs police department.

The report: "Community Hospital called for assistance. There was a new father there who had done too much celebrating."

Police responded and took the over-exuberant father to his home to sleep off the celebration.

Two From Village at District Rally of Legion Posts

Bob Ellsworth and Harold Lienau representing the Owen B. Coffman Post of the American Legion attended the 21st American Legion meeting in Riverside Sunday.

Lienau, American Boy Scout district chairman, reported on the activities of his committee. Ellsworth, committeeman on national defense, reported on his assignment.

More than 250 delegates representing 75 American Legion and Auxiliary units were present at the Lake Evans clubhouse where the meeting was held. It was the first meeting of the year and the district colors were presented.

An assemblage of well-known person were on hand to witness the processions of colors representing the various posts.

District Attorney William O. Mackey and William C. Evans, candidate for Mayor of Riverside delivered short talks.

Dinner was served by the auxiliary. The proposed pension plan passed by the American Legion at the National Convention in Miami, Florida, providing \$60 a month for every veteran at the age of 35 to be increased to \$75 at 65, was also a subject of discussion.

Loop-Leading Hemet Squad Here Tonight

Tonight at 8 p. m. Palm Springs Indians get another stiff test—they tangle with Hemet high, riding so far with two wins and no defeats in Riverside League play.

But the Indians have been playing better ball against the top teams than against the lesser lights and Coach C. E. Balogh has hopes that his lads will rise to the occasion again as they did against San Jacinto and Beaumont.

Hemet trimmed Elsinore last week by the score of 25-12 in a non-league game, another quirk of the odd RCL schedule while Elsinore earlier had downed Palm Springs. But Palm Springs before that had trimmed San Jacinto so the Indian cause tonight is not hopeless.

The lads came through the Beaumont game last Friday night in good shape and physically and mentally will be in shape to give the Hemet Bulldogs a run for their money tonight.

A large crowd, augmented by the far-free kids who will be there to enjoy the Lions club Halloween party, will be on hand.

The kids will take over the between-halves stint.

SAD DOG—Wire Fox Terrier, "Publicity Agent of Verdugo," is scolded by La Von Dixon for not observing "keep off" sign. The cute terrier will be one of many aristocratic canines in the Palm Springs Kennel Club's 11th all-breed event scheduled for Sunday on the lawns of La Quinta Hotel.

Four Teams Undefeated In League Play To Date

San Jacinto, Hemet and Elsinore were currently leading the Riverside county league today with two victories, no defeats and no ties on their record.

Beaumont also had two victories and no defeats but has one tie on its record, the game with Palm Springs high last Friday night.

The Indians are down in the rack in the league line-up but

are expected to climb higher before the season ends.

But something will give way tonight, Elsinore goes to Coachella and probably will retain its top standing. Beaumont and San Jacinto risk their undefeated status tonight at San Jacinto while Hemet comes here to meet the surprising Indians.

Perris and Banning draw a bye again in loop play.

Standing of the loop as of this morning follows:

	P	W	L	T	Pct.
San Jacinto	2	2	0	0	1000
Hemet	2	2	0	0	1000
Elsinore	2	2	0	0	1000
Beaumont	3	2	0	1	1000
Banning	3	1	2	0	333
Palm Springs	2	0	1	1	000
Coachella	3	0	3	0	000
Perris	3	0	3	0	000

Under league rules, teams are awarded 2 points for a win, one for a tie and none for a defeat. Under that ruling Beaumont, with two wins and a tie ranks on top with 5 points, Hemet, Elsinore and San Jacinto have 4 each, Banning 2, Palm Springs 1 and the rest nothing.

Trophy Matches On Slate Sunday

First trophy shoot of the season with twenty to twenty-five members of Coachella Valley Pistol and Rifle association competing, will get under way Sunday at 9:30 a. m., according to John Carlson, president.

The trophy, donated last year by Bert Cameron, will go to the winner of the Sunday shoot to be held for one year.

Members have been practicing on the range as often as possible during the past two weeks and during competitive shooting Friday nights.

The Sunday match will be 40 shots at 50 meters with iron sights and 40 shots at 100 yards with telescopic sights. On the same day at 1 p. m. a pistol shooting match will take place and, if there is enough interest manifest, the event will become a regular event.

Tonight on the range a medal shoot will be held with awards going to winners in the various classes.

Duffey's Office Now at Airport

Offices of Constable Fred Duffey of Palm Springs township have been moved to city buildings at the airport and he is now in the building with Judge E. E. Theriault's city and township courts and council chambers.

"A lot of people have been looking for my office and now they can find me there," the constable said yesterday. "The justice court is right there, too."

Small Business Is Here to Stay

All big business in America began as small business, and today's small business, when viewed in toto, is big business. This point was stressed before the Boston Conference on Distribution, Tuesday by E. A. Mattison of San Francisco, Bank of America executive vice president, according to word to Fred Ingram, local branch manager.

"And in spite of cries about the danger of small business getting swallowed up," Mattison declared, "small business is here to stay."

Long after the end of free land had closed our geographical frontiers, he pointed out, the right to go into business survived to provide a frontier of opportunity and has been a strong factor in our development as a nation.

RESPONDING to statements that small business was in need of more adequate financing, Mattison told the conference there was no lack of funds at sources of supply but there was a lack of understanding of the differing needs of retailers, wholesalers and manufacturers.

In California, he stated, term loans to small business for capital purposes, with maturities from one to five years, had proved to be entirely satisfactory to borrower and lender alike.

In the past three years Bank of America had made 21,566 such loans, averaging about \$3500 each, to nearly 100 different types of small business. So far nearly 12,000 of these loans for a total of some \$52,000,000 had been repaid.

IN THE WHOLE FIELD of specialized credit, Mattison announced, the same bank had made loans aggregating \$4,300,000,000 since 1936, which he sub-

Rental Service Office Opens For the Season

Florence Robinson, who gained the idea of starting a reservation service for Village guests seeking rooms and other hotel accommodations while serving as hostess at The Dug Out during World War II, has opened her office here for the third successive season.

Located at 639 North Palm Canyon drive, Mrs. Robinson will again cater to the most discriminating in the selection of the finest accommodations in the Village.

Dave Lyons Buys Chino Mesa Home

mitted as an indication of what can be done soundly to finance the small businessman's needs.

As most failures were attributable to incompetent management, Bank of America had pioneered a small business advisory service, and requests for over 100,000 of the pamphlets put out by this service had been received in recent months, the banker stated.

"Small business should be strengthened and invigorated," Mattison said. "It is a way of life, a demonstration of individual initiative and a bulwark of democracy."

Urge More Care In Rent Appeals

Area Rent Director, George J. MacDonald, of the San Bernardino-Riverside rental area announced this week that his office is receiving many petitions for hardship adjustments under the new short form D-58A which are defective in that they fail to furnish the required information on the form itself or, more often, fail to accompany the filled-in form with the necessary supporting data. As a result, it is necessary to return such forms to landlords who submitted them, thus delaying action on their petitions.

The new short form is available for landlords who own not more than four rental dwelling units. In order to qualify for a rent increase under it he must show that his expenses for the current year have increased over a prior base period because of higher tax, fuel utility, or insurance costs and these increases have not been offset by higher rents.

The Area Rent Director urged landlords seeking rent adjustments under the short form provision to read the general instructions on the reverse side of the form before attempting to complete the form.

How to Enjoy Life In Palm Springs

Whether you are a winter visitor or stay the year 'round, your first need is a home. There are certain desert features you will want that home to have—A living room with a big fireplace, picture windows framing a mountain view; at least two roomy bedrooms with loads of closet space; a really modern kitchen with lots of tile and good lighting and breakfast table area; a luxurious tiled bath with both tub and shower and beautiful lasting fixtures.

Service features should include a well equipped laundry room, a paved, enclosed carport, air-conditioning and the best modern heating. As for the lot, it must have ample patio space, a corner is usually preferred so that view and sunshine will always be protected. Lastly, price, for a house already built should be less than duplication cost.

The PUBLISHER'S Corner by OLIVER B. JAYNES

Initiative measures are good or bad. This act might invalidate good initiatives after they have been approved by the voters.

No. 11—Municipal Charters
Vote "YES"
Can't see much objection to this proposition. These amendments make minor changes in existing laws.

No. 12—Local Control of Intoxicating Liquors. Vote "NO"
This is the dangerous "LOCAL OPTION" amendment that permits the return of PROHIBITION to California. This newspaper has covered the many reasons why a "NO" vote on this proposition is definitely recommended.

No. 13—Senate Reapportionment
Vote "NO"
Don't destroy the present form of representative government in California! The five big counties now control the state Assembly and this would give them control of the Senate also. Be sure to vote "NO" on this one.

No. 14—Housing
Vote "NO"
Here is the most socialistic piece of legislation California voters have been confronted with for a long time. If in doubt, read the powers granted a State Housing Agency in this act. Remember too, that it authorizes a ONE HUNDRED MILLION DOLLAR STATE BOND ISSUE. A thousand times "NO" on this proposition!

No. 15—Fish Nets
Vote "NO"
You may guess better than we have on No. 6 and 15. This amendment limits commercial fishing in state waters from San Luis Obispo county south to the Mexican border. We believe it is too drastic to be written into the State Constitution so we'll vote "NO."

No. 16—Chiropractors
Vote "NO"
This amends present Chiropractic Act by changing required chiropractic courses to medical subjects. It will not prevent chiropractors from medical practice with inadequate education and experience. We agree with many laymen—and some chiropractors—that the profession should be limited to its specialized field.

No. 17—State Civil Service Exemptions
Vote "YES"
We go along with the claim of the Bureau of Livestock Identification that the agency should not be under Civil Service.

No. 18—State Payment of Tax Exemption
Vote "NO"
Why go to the extra bother and expense of taking tax monies out of one pocket and putting them in another? That's what this proposition amounts to.

No. 19—Fish and Game Commission
Vote "YES"
There's nothing wrong with this last one!

"AH, ANOTHER HAPPY FAMILY!"

Yes, whenever a new telephone arrives in a home everyone is happy — and so are we. One of the most enjoyable occupations in the telephone business today is the installing of telephones and the happiness created in a family by this service is matched by ours.

Telephones are going in at a steady pace — during the past twelve months we have installed some 12,000 with a net gain of 6,000, and have invested more than \$1,750,000 in new construction.

But here is an amazing situation: As fast as telephones are installed, new applications for service come in. As Alice said, after she stepped through the looking glass, we have to run as fast as we can to stay where we are. There seems to be no let-up in the growth of Southern California and this fact is vividly demonstrated by the ever-increasing volume of telephone service applications.

PALM SPRINGS WELCOMES -- THE NEW — LA PAZ

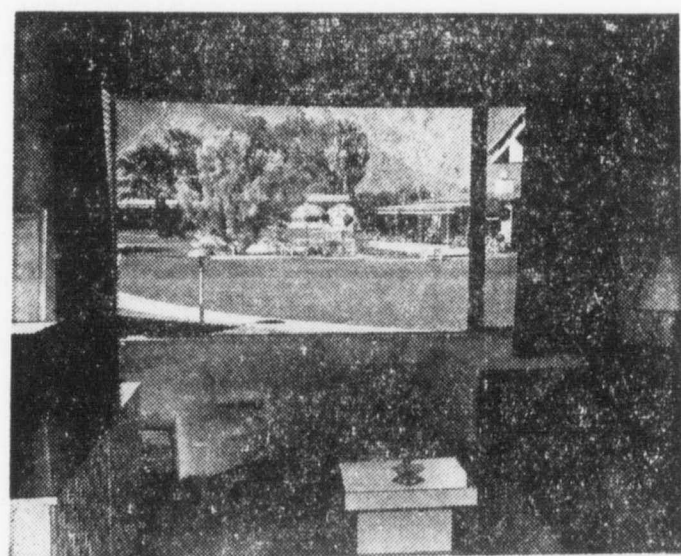

The famous "Turquoise Pool" of La Paz, around which range the apartments and bungalows. Here is the center of life for those who love to swim and sunbathe.

"Ten Acres of Paradise"
With the addition of eight beautiful new units and the complete remodeling and re-decoration of the existing units . . . LA PAZ now is truly a Guest Ranch of distinction . . . A real "Jewel in the Desert."

Beckoning a sunny welcome to the arriving guest, La Paz flower-decked grounds, framed in stately palms, presents an unforgettable picture of desert charm.

LA PAZ additions were designed by Clark & Frey, architects, and executed by those builders, craftsmen, and artists listed below. A new enlarged dining room provides ample room for the famous Thursday night La Paz Ranch Dinners and Western Dances. Now a total of thirty-five units is provided for winter guests. La Paz has its own riding stables as well. Carl Rhodes is the managing director.

Each new bungalow provides a picture window view of the lovely grounds, the pool and majestic San Jacinto mountains in the background. Smartly designed, gleaming interiors of the rooms add their charm to the delightful scene.

Luxurious, yet practical interiors, planned and executed to perfection, delight the guest and visitor. Each room is a symphony of color, the theme of which is highlighted by a painting in oil by artist Ralph Arthur Lytle, which complements the colors of the room.
(Interior Photos by Gayle)

LA PAZ units are of modern, functional design, with emphasis placed on comfort and beauty. The interiors offer such color schemes as blue, gray and gold; chartreuse, brown and coral; tan, taupe, green and gold; and blend perfectly with the desert's colorings and feeling. Beautiful custom made furniture of ashwood and basket weave design complement specially designed drapes, rugs and other decorations. Air conditioning and electrical heating add their comfort.

BEST WISHES from those who helped create the new LA PAZ.

Margaret Dunn Opens Year At Woman's Club Monday With Excellent Program

Margaret Alexander Dunn makes a return engagement to the Palm Springs Woman's Club next Monday, Nov. 1, to give another of her delightful reviews of modern theater. It is the first program of the season for the club.

Mrs. Dunn will give a fifteen minute review of the modern theater and a 45 minute interpretation of the popular stage play "John Loves Mary."

In bringing Mrs. Dunn to the Woman's Club for a return engagement, Mrs. Robert Ransom, program chairman, announces that she did so at the request of members who heard her review of "I Remember Mama" last season.

Mrs. Dunn has become a favorite with clubs and schools all over California not only because of her ability as a dramatic artist but because of her fascinating personality.

At the conclusion of the program tea will be served with members of the executive board as hostesses.

Mrs. James C. Geggie, president of the club, extends a cordial invitation to all members to be present at this program, as well as non-members, to enjoy Margaret Dunn's performance of "John Loves Mary."

Guests are admitted by card or an admission fee of \$1.20.

John Pulitzner acquired the St. Louis Post-Dispatch at a sheriff's sale.

ON PROGRAM—Margaret Alexander Dunn, theatrical reviewer who will appear on the Woman's Club program next Monday. It is the first program of the year.

Mrs. Manson Hostess

Captain and Mrs. H. J. Bellingham visited Mr. and Mrs. Mahlon E. Manson this week. Mrs. Manson entertained Mrs. Thomas Holland, Mrs. C. H. Woodmansee, and Mrs. Catherine Gentry at a bridge luncheon in honor of Mrs. Bellingham.

Wider Scope Planned for Tennis Club

William B. Malouf, president of the million-dollar Palm Springs Tennis Club, this week announced the signing of Hollywood publicity and public relations executive Gregg Juarez in a supervisory capacity to maneuver the necessary details essential to the management of a popular resort and its resultant success.

Juarez, termed filmland's youngest publicity agent, and recently profiled in Look Magazine, is not only well-known in Hollywood, but is well acquainted with most of New York's entertainment "greats" and the town's social leaders.

According to the plans of the youthful director, aside from dinner dances, many cultural and social events are scheduled to create interest in affairs of national scope. Speakers representing the society of authors, composers, news commentators, and those in prominent official capacities will be guest at the special Tuesday luncheons. In addition, presentation of fashion shows by noted designers will be included in the "special affairs" agenda at the resort.

In the sports department, the Palm Springs Tennis Club is setting up various tennis matches featuring well-known players, with proceeds going to charities. At present Mr. Juarez is negotiating with several agencies to aid him in instituting a regular Saturday night "showcase," during which he will present talent in the entertainment field.

In the past few years, young Juarez' publicity office in Hollywood has sent a number of motion picture actors zooming to stardom via press and radio, and according to Mr. Malouf, "the Palm Springs Tennis Club will soon be the talk of the nation, and the playground of its inhabitants."

Houseguests of Mrs. Anita Haskell Jones for the week were Mrs. Mauricia Osborne, owner of the famous White Deer Ranch near Dunlap and daughter Honey, and Mrs. Marie Baughman and daughter Phyllis.

DIRECTOR—Gregg Juarez, noted Hollywood public relations expert, engaged to aid in the Tennis Club's biggest season. (Samerion Photo.)

Another group of Villagers you should know. At the upper left, Rev. and Mrs. J. H. Blackstone, Jr., and their family, Jim 13, Dick 9, and Bonnie 5, which was taken in their new home on San Jacinto road. This is Rev. Blackstone's second season as minister of Community church. Mrs. Blackstone is a member of the Women's club and the P. E. O. The entire family are very much interested in music, each one playing some kind of a musical instrument.

In the upper right are a group of popular people at the formal opening of the Tennis Club on Saturday night. From left to right, they are, Mrs. M. L. Kane of Beverly Hills, Mr. M. J. Tashjian of New York, who is well known for his Oriental Tashjian rugs and is now showing 1,500,000 million dollars worth of rugs at Barker Bros. Mrs. Vincent A. Marco, one of the co-owners of the Tennis Club, and Mrs. Joseph A. D'Alessio of Beverly Hills.

In the center, is another

group who were present at the Tennis Club Saturday night. Mr. and Mrs. Kenneth Colborn with their guests, Mr. and Mrs. Mason B. Jones of Toledo, Ohio, the Colborns being at the left in the picture. Mr. and Mrs. Colborn built their first home in Palm Springs in 1931 so are pretty much old-timers in the Village. He also built "The Center" which is certainly one of the beauty spots of the downtown area. Mr. Colborn is a member of the chamber of commerce and she is a member of the Women's club.

At lower left, we see Mr. and Mrs. John Ballard and Fu Fu Boi. Mr. Ballard is starting his fifth season as manager of Bullocks. He is a member of the Rotary club and is on the board of directors of the chamber of commerce. Mrs. Ballard is a member of the Women's club and is chairman of Crippled Children's League of Riverside county.

And then there is Judge and Mrs. Eugene E. Theriau with their family, standing in back

are Dennis Anthony and Eugene Jr., with Carol Ann and Timothy Francis in the front. Judge Theriau is city judge and justice of the peace. They have lived in Palm Springs for eleven years and it is inter-

esting to know that they are both native Californians. They are members of the Tennis Club, also he is a member of the Lions club and she, a member of the Women's club. (Photos by Terry)

On the invitation of the owners of the Plaza, Mrs. Mary P. Davidson and Jefferson Patterson, the tenants of the Plaza, shops and apartments, and the Carnell Building, were entertained by Mr. and Mrs. Robert Ransom, with a buffet dinner on the roof of their penthouse in the Plaza. Decorations consisted of colored lights, and individual candles on all of the tables. Refreshments and buffet were served to 130 guests.

Mrs. Davidson is a resident of Marysville, Maryland, and Mr. Patterson is an American official in Cairo, Egypt. They have always designated the Ransoms as their representatives at these gatherings.

Mrs. Wolseth Outlines Duties of Club Federation in Accepting Presidency

"Federation of a club is the same thing as joining the United Nations, it can be stimulating and cheap at the price, or it can be meaningless and an expensive encumbrance. It all depends on how much each of us is willing to give in understanding and effort," said Mary Wolseth at the Woman's Club emergency breakfast meeting last Wednesday in the Totem Pole Cafe. The forty women who attended had unanimously voted her into office in spite of her threats that if she had to work hard and couldn't sleep she promised them they wouldn't either.

Anyone who has belonged in the past to a federated club was asked to volunteer to serve on this committee as the club must be educated to its responsibilities. They were reminded that there are vital world movements such as United World Federalists which they must understand, and that to be a member in good standing will mean using a "required reading" shelf at the library and a monthly five minute quiz on the "Clubwoman," the official organ of the Federation. These were given as some of her conditions for becoming president again after having served previously as vice president five times and president once. "Block Hostesses" who accomplished so much for the town two years ago will also be revived.

Sanitation Board In Busy Session

Cathedral sanitation board held its monthly meeting which is required by law, in advance of the chamber of commerce meeting on Monday night. A letter to Hart L. Kopp authorizing him as legal collector was directed to be sent. Another letter from the Palm Springs sanitary district was read stating that it is improbable that they would renew the contract to Cathedral for the use of their dump after Sept. 1949. It was stated that Rancho Mirage has indicated willingness to go in with Cathedral in procuring a dumping ground so the board will start now to look for it.

Starting Monday, Nov. 1 garbage pick-up will be on Monday and Friday afternoons in order to eliminate the early morning noise. During the summer months it will again be in the early hours.

General Meeting Called Nov. 9

There will be a general Town Meeting held under the auspices of the chamber of commerce on Nov. 9 in the town hall. County Supervisor Jim Easley will be guest of honor. Every resident in town is invited to attend at 7:30 p. m.

Cathedral City Round-Up

Mrs. Bessie Kelley is now assistant correspondent for the Desert Sun whose duty will be to call on the advertisers and to be advertisers in the Desert Sun and see that they are satisfied, give them "personals" as often as possible increase the subscription list.

When this news page was started two years ago there were many things done and left undone in the village of Cathedral. This was accomplished through an editorial feature headed "Sez I" in which various people in town who were heard broadcasting their opinions openly or who asked to be quoted had a chance to express themselves. Then a comment was made on their statements either beginning or ending with "Sez I." Like all things a little different and thought provoking some were fer and some agin' and it was stimulating enough to bring forth several letters. Most of the things brought to the attention of the town then have been obtained in one way or another. Streets were paved by the county, a state forestry fire station was established, a sanitary district was formed, cleaning the town before visitors begin to arrive, waste paper container in front of the post office (we need another in front of Ahmoy's and Potter's stores).

to name a few. But thank goodness there are still some things left to do so they can be pushed in editorials and this feature is needed again. Will those who sent anonymous letters protesting the title as "undignified" please send in a better heading at once or "Sez I" will be given rebirth. How about some favorable comments too?

M. W.

Zoe, Ruth and Genevieve, our efficient helpful telephone operators at the local switchboard gave a surprise party last Sunday night on Billie Egbert. The chief relief operator for CC Rhea Ginsberg came out from Palm Springs and nine guests enjoyed the birthday cake. There is talk of the telephone board being made into a dial system soon and many expressions of regret have come from the community. The three operators have gone "beyond the call of duty" to give the community helpful service.

The marriage of Betty Bleeker to Donald Hogan the end of May was followed two weeks later on June 6, by the marriage of her friend and co-worker in the Palo Verde Sport Shop at Rancho Mirage, Lois Fakler to William Leek Jr. The Leeks are living in the Patterson apartments on the Dunes rd. and the Hoggans have rented one of the Craig houses on B and Allen ave. Both husbands worked together as builders on the Harrison court last year and are now in the swimming pool construction business in Palm Springs.

Lois Bandy has been entertaining her brother R. C. Van Arsdal the past two weeks. Mr. Van Arsdal is purser on the flag ship of the Pacific Transport Lines out of San Francisco. He makes the regular run to Yokohama, Korea, Shanghai and Manila but has been taking advantage of the shipping strike to visit his sister.

Ruth Woods Yoder, well known daughter of Mrs. Esther Woods who attended the Palm Springs high school but is now living in Laguna Beach with husband Eddie is driving a bus for a private school. He had a season contract with the school when a long awaited position was offered him. To enable him to take it she stepped into his position.

Mr. and Mrs. Glenn Owen and son "Topper" from Riverside have rented the new house built by Raoul Letterall last season on the corner of C Street and Verbena Lane. Mr. Owen works for the Gas Company. Mrs. Owen is interested in the Community Church Auxiliary and the Woman's Club.

Mr. and Mrs. C. Fibiger have taken Mrs. Bessie Harvey's penthouse on 1st street. The mother and father of Mr. Fibiger are with them and have just arrived from Germany by plane. Mrs. Oscar Johnson (Minta) has reopened her home on F Street and Verbena Lane after spending the summer at Lake Tahoe.

Mr. and Mrs. Walter Bunker old time residents of Cathedral have returned from Idyllwild. George and Josephine True old time residents of the town have sent a card from their alternate home in St. Simon's Isle Georgia, saying that they have been visiting in Maine. Mrs. True's girlhood home. They are looking forward to returning to the desert in 1949.

Miss Etta Springer, sister of Fred Springer who has owned his home on Broadway and Cathedral Canyon drive since the beginning of things, has been ill this summer and is still incapacitated at her brother's home.

Mrs. Lolita Waller spent several days in Los Angeles attending Market Week. The Alexandria Hotel was headquarters for the new merchandise being displayed by the wholesale houses. Mrs. Waller recently purchased the Sunny Dress Shop opposite to the local post office. She plans to enlarge the sales room and maintain the same price range as the former owner.

The Patrieks have sold their newly finished house back of their home on B Street and Glenn

Postpone Street Grading Plans

Board of directors of Cathedral City chamber of commerce held their monthly meeting last Monday in Town Hall with grading of the south side of Broadway the main topic. The matter has been taken up by the chamber of commerce with the state which claims nothing can legally be done at this time. In discussing the matter with county officials a plan for grading the south side of Broadway, at no cost to the property owners for the actual grading, was evolved. A group of Broadway property owners appeared at the meeting Monday night to protest the grading at this time, both because of its interference with business during the season and because no provision had been made for curbing. After some discussion it was agreed to drop the matter for the present.

House Committee Chairman Ross Davidson was given the go ahead to put on a new roof on the town hall, provide adequate gas heating, three foot back door for safety, panic proof locks on both front and back doors and luminous paint to be applied around the edge of the front steps leading up to the cement porch. Jack Hillery was appointed to serve on the House Committee. Mrs. Emil Greener is the Assistant House Chairman directly responsible to Mr. Davidson. It was voted to accept the proposition of parties wishing to lease the hall twice a week for movies and to permit two shows, one at 6:30 and one at 8 p. m.

Ave. to Mrs. Helen Mace of Medford Oregon. The sale was made by Mrs. Beatrice Donner of the Arner Real Estate Office. Mrs. Donner has been entertaining her friend Mrs. Joseph Farnan of Beverly Hills.

AN OPEN LETTER TO VILLAGERS

Reid's California Pottery

194 So. Palm Canyon Dr.
Palm Springs, Calif.

Phone 4634

Dear Friends:

While traveling this Summer, we passed a little roadside cafe that had a sign as large as the building, reading—"Wanted! One More Customer." We can think of no better way to word our appeal than the above. That's right, folks, we want more Village business! Here's why we think we deserve it. Reid's California Pottery is primarily a dinnerware store. Here you will find many new and different patterns of typical California-ware, every one an open stock line! At Reid's, that means you can buy cups without saucers (and you housewives know what a saving that can be!) Another good reason to trade at Reid's is our prices. All of our dinnerware is "fair-traded"—which means that you cannot buy it for less anywhere in the country. That's something to think about, isn't it?

And gifts—well we think ours are all just a little bit different . . . at least they look different to us but we'd like your opinion. This year, we are adding a new line of beautiful cards—birthdays, anniversary, gift enclosure, etc.—so varied, in fact, that we're sure to have one for every occasion. We are not a big store—We are home owned and home operated, and our business is the Village. So give us a try, won't you?

Hopefully,

Jack Reid

MAYOR McGUP . . . By J. Jarvis

2 DAYS LATER

**I RISE TO REMARK**

By CONGRESSMAN JOHN PHILLIPS

There are few days left, before one of the most interesting elections in the history of that conglomeration of thoughts, backgrounds, religions, and geographical and political characteristics, known as the United States of America. A few comments, and a few predictions, may be in order. My crystal ball has been glowing like a Neon sign. It wants to predict something. It must have been reading the papers. I suppose you saw where a well-known columnist and commentator, who makes a specialty of "predicting" coming events, predicted that the president would address the American Legion convention in Miami. The newspapers had carried it as a news item about three days earlier. My crystal ball now has more confidence.

I rise to remark that while we are plowing under, and otherwise disposing of tons of surplus Irish 'taters, it's too bad we can't plow under a few commentators!

MY PREDICTION is that Mr. Dewey will win the electoral vote by a good margin, but that the popular vote will not be a landslide, as we call an overwhelming vote like 1928 or 1936. That is an easy prediction, as all professional analysts agree on it. The house will still be republican, and will gain seats. There is a general feeling that the house has done a good job, in getting expenditures back inside income, and keeping them there, and in smoking the commies out of top government spots where, at high salaries, they carry on their operations on behalf of Russia.

The senate will be close. I've been saying that it would go 50 Republicans to 46 Democrats, but I could be wrong. It may be closer. It could be 49-47, or 48-48. It would still be "organized," as we say, by the republican party; that is, the president pro-tempore, the committee majorities, the committee chairmen, and the steering committee, would be republicans; and democratic members, like Senator Byrd and others, who want to preserve the financial and spiritual integrity of the nation, would support measures leading to that end, as they have in the past.

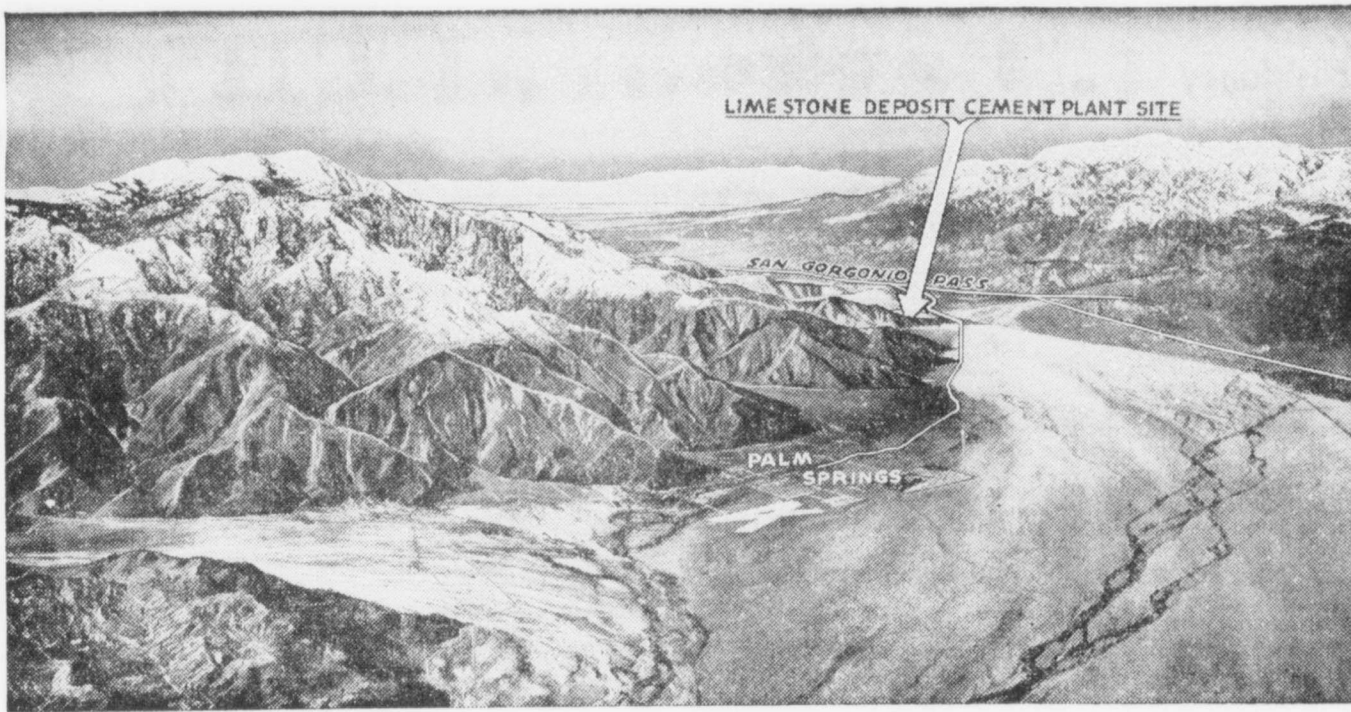

ONE CURIOUS RESULT of this election could be the vote in the rural areas. We take for granted that farm states, except in Senator Claghorn's deep south, will vote republican, and big industrial cities, democratic. These votes may not follow the usual pattern. In other words, this is an old-fashioned election, with the great individualism removed. We are back to normal voting, and normal predictions, and normal upsets.

There are two sure things, and they are both generalities. The people of the United States are determined to root out subversive influences out of government, and to stop the extravagances and duplications of bureaucracy. 23 agencies, in 11 departments, interesting themselves in housing; 27 agencies, in 14 departments, working on labor relations; 93 agencies, in 17 departments, lending taxpayers' money; or 302 agencies, in 47 departments, working on national defense—things like that.

THE OTHER THING is that the next president, whoever it may be, Mr. Dewey, Mr. Truman, Mr. Thurmond, Mr. Wallace, Mr. Thomas, or Mr. Watson, will have the hardest job any president ever had. He'll not only have foreign problems, on which the peace of the whole world will depend, and domestic problems of such importance that nations in the past have fallen because of like problems, but he'll have the unwelcome job of telling the truth to complacent American citizens.

He'll have to tell us that inflation and high prices and housing and all such problems must be licked at home and not in Washington. He'll have to tell us the pleasures of inflation can't be kept, and the pains removed. He'll have to say that we can't get three times the salary or wage for less production; nor can we ship our productive capacity overseas, without feeling it at home.

The president will need the support of every one of us. I'll write it down now that he'll have the support of the 22nd District of California, electors and elected.

Shown on the left is an aerial view of the Cement Plant site. It is 6 miles in a straight line from the nearest Palm Springs home, and it is separated from it by three mountain ranges over 1500 feet high.

Here Are the TRUE Facts About the Palm Springs Cement Plant

An Open Letter to the Citizens of Palm Springs

PERTINENT FACTS

ABOUT MY CEMENT PLANT

YOU SHOULD KNOW

I purchased my limestone and clay deposits in 1924—24 years ago. I paid \$100,000 for the deposit and later paid \$17,500 to obtain a clear title to claims that were in dispute. In August, 1947, I purchased additional land from the S. P. Land Company and paid \$25,000 for such land. At the time I purchased this land, in August, 1947, the following condition was incorporated in my purchase agreement and subsequent deed:

"This conveyance is nevertheless made upon condition that the said Grantee, his heirs, personal representatives or assigns, shall, within three (3) years from, March 1, 1948 erect, construct and complete, and put upon production, in a location upon any of the following described lands, to wit: SE $\frac{1}{4}$ of NE $\frac{1}{4}$ and NE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Sec. 22, and Lots 1 and 8 of Sec. 23, Twp. 3S., Rge. 3E., SBM., in said County of Riverside, State of California, a cement manufacturing plant of a capacity of approximately 4000 barrels per day. In the event of breach of this condition, all of the right, title and interest in and to the land hereby conveyed shall cease and determine and the said land, and the whole thereof, and any and all improvements thereon annexed to the realty, shall then and there revert to, vest in, and become the property of the Grantor, its successors and assigns, and said Grantor, its successors or assigns, shall then and there have the right to enter upon and hold possession of said premises and to exclude therefrom the said Grantee, his heirs, personal representatives or assigns, and any person claiming by, through or under them, or any of them."

I have spent personally in purchase of land, engineering work, assaying, core drilling and purchase of War Assets equipment \$557,550, all of which I have personally paid and for which I can produce cancelled checks and receipts.

At the present time I am the sole owner. I have, in addition to the above, contracted with the War Assets Administration for the purchase, and hold title to over one and a quarter million dollars worth of cement equipment and material.

It is inconceivable that men will deliberately misrepresent and circulate statements they know to be untrue when the result of such misrepresentation might mean the prevention of a six thousand barrel cement plant being constructed in an area where there is a very large shortage of cement, estimated to be not less than 20,000 barrels of cement per day and where there is a deplorable shortage of houses, all of which has added much to the costs of homes for our Veterans, which has about reached the prohibitive point.

Another fact that you good people should consider—When this trouble with the Supervisors of Riverside County has been cleared I can complete and have my plant in production in less than a year, while it would require over two years to obtain new equipment and to get another plant into production.

If I did not positively know that I would not harm Palm Springs I would not have started the construction of my cement plant.

I believe that the Palm Springs zone was created solely for the purpose of preventing the building of another cement plant. I believe there was no justification for the action of the Board of Supervisors in voting to prevent the erection of this cement plant. Some serious thought should be given to such action when by so doing an industry that will create over five million dollars worth of building material per year out of a mountain of rock and the accurate shortage of such material causing serious delay in the Building Program. Also that the revenue to be derived by the government would exceed \$300,000 per year and a very sizeable revenue to the county being thrown out of the window.

The statements that the wealthy residents of Palm Springs would be offended at the sight of an industrial plant within eight miles of the heart of their city is hardly justification for barring an industry that would bring possibly one thousand men, women and children into a desert area that is crying out for industry to provide means of livelihood to those that must work to live and a desire to have that work near their homes where possibly for reason of health some members of their family must live. I want to be friends with the people of Palm Springs. When my cement plant is completed I hope to have a place in Palm Springs where I can be near my cement plant and enjoy the wonderful climate of Palm Springs. I want their confidence and respect and I am having this open letter published in your local papers because I want you to know the facts which have in my opinion been purposely distorted.

S.A. Guiberson, Jr.

1. The Plant Would be a Dust Nuisance

Statements were made that my plant would cover Palm Springs with dust. This dust question was fully answered by engineers who testified that the modern cement plant such as I intend to construct does not create any appreciable amount of dust and evidence was produced by me in the form of a letter from the Dust Saving Company that they would guarantee to save 98% of any dust that would be created by the old type plants such as Colton and Riverside. Further than this I produced evidence that the prevailing summer wind which sweeps east through the San Gorgonio Pass does not blow anywhere near Palm Springs. No proof to the contrary could be presented.

2. The Plant Would Pollute the Water

It was said that the underground water of Palm Springs and the Coachella Valley would be polluted by dust from my plant. Geologists and engineers testified that the amount of dust lost would not be appreciable and besides that the Coachella Valley was criss-crossed with lime rock deposits over which the waters of the Coachella Valley had flowed for over 300 million years and there was nothing in lime rock to contaminate water and that the present underground water was considered the purest water to be found in any California area. No proof to the contrary could be presented.

3. The Mountain Would be Scarred

It was also said that "scars" in the side of the mountain would be caused by blasting my limestone deposit. Inasmuch as my limestone deposit has a front elevation of 700 feet of solid lime rock it is inconceivable that blasting lime rock out of lime rock could possibly leave scars as it would all be the same material and color.

4. The Plant Would Bring Beer Joints

It was claimed that workmen I employ would be undesirable and that many "honky tonks" and "beer joints" would line the highway. The highway in front of Palm Springs Station is almost in the center of the "wind strip" which sweeps east through the San Gorgonio Pass and it is not reasonable to believe that homes of the workmen would be built there or that they would frequent "honky-tonks" or "beer joints" if any were built along this windy strip.

As Mr. Colegate, attorney for Palm Springs, states in presenting his case to the Supervisors, "This wind that sweeps through the San Gorgonio Pass is not a gentle breeze—it is, in fact, a hurricane." He also stated, "It is necessary to cover the telephone poles at the Palm Springs Station with metal sheeting to prevent the force of the sand from cutting the telephone poles."

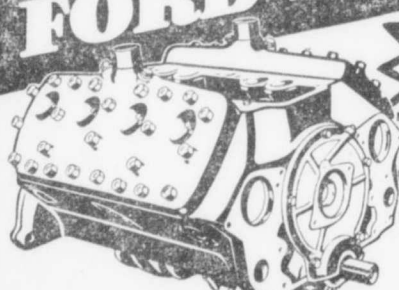

My plant was advertised over the radio and in the papers as "being in the back door of Palm Springs, only 3½ miles from Palm Springs." The facts are that my lime deposit is 4½ miles from the nearest point of the northerly-most corner of Palm Springs City limits and 6 miles from the nearest home and a straight line from my plant to the nearest home in Palm Springs goes over three mountain ridges that have elevations from 1500 to 2250 feet and project out over a mile beyond such a straight line.

In order for any resident of Palm Springs to even see my cement plant when erected he will have to travel over six miles by the highway before he reached a point where he could even see my plant.

Residents of Palm Springs don't have to be told—they know that the west wind that sweeps through the San Gorgonio Pass does not blow toward Palm Springs.

Laff of the Week

"Just tell him, F. E. Boone from Lexington, Ky."

Duffey Doesn't Need to Keep His Files Beneath His Bed

Because Constable Fred Duffey of Palm Springs township shouldn't have to keep his records in a shoe box under his bed, county supervisors Monday stretched the county budget three months after it was established.

Constable John Burr of Riverside, who acts as supply officer for the other constables in the county, appeared before the board.

"Gentlemen," he began, "I've

got to have more money for my department."

Supervisors sat up. "It's against all reason to come around three months after your budget has been fixed and asked for more money," Supervisor Arthur Weirick said.

Burr had been allotted \$200 to buy supplies.

"But I've got to buy some files for the Palm Springs constable," said Burr.

"In that case, I think we have a definite responsibility," said Supervisor James I. Easley, who lives here. "I don't like to see county business kept in shoe boxes under beds."

Girls Issue Last Clothing Appeal

"This is the last appeal for warm clothing (with emphasis on the warm) for children on behalf of the Girl Scouts as this project is to be concluded by the end of October," said Mrs. B. H. Poliak, chairman of the Girl Scout council yesterday.

In connection with the Girl Scout policy of international friendship, Village girls are preparing and sending clothing kits for the needy children of Europe and Asia. Their aim is to make up kits for babies as well as boys and girls of all ages and all clothing should be clean and in good condition.

Clothing may be left at any of the schools or at the fire station. Those unable to deliver contributions or wish more information, may call Mrs. Harry Cissna at 6923.

"It is also the aim of the Girl Scouts to prepare and wrap a Christmas gift for each needy child of the Village. If you have any toys, puzzles or games, even though in need of slight repair, your child no longer uses, would you please help the Girl in this project by leaving them at the fire station at any time or at the Girl Scout house on Bellard road any afternoon Monday through Friday between the hours of three and four," said Mrs. Poliak.

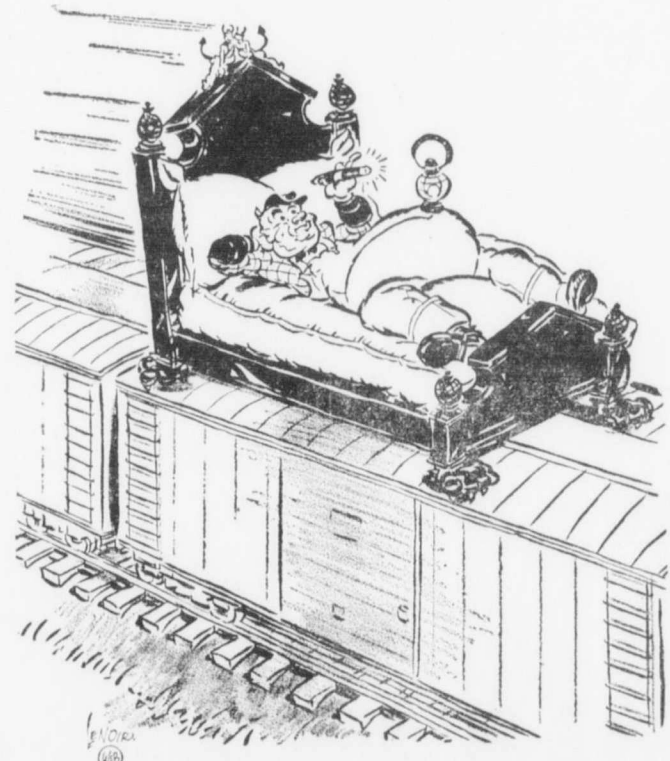

Brick Output at Peak

Brick production in August reached its highest level since 1939. Roy A. Shipley, president of the Structural Clay Products Institute, announced.

Junior Red Cross Planning Drive for New Members

Plans for an active Junior Red Cross in Palm Springs and in Riverside county were being set in motion this week with a two-week membership drive scheduled to start next Monday.

In past years the Junior Red Cross here has been active in aiding the Palm Springs chapter in its work of cheering patients at the hospital and a similar

program is planned this season. Work of the Junior Red Cross is entirely confined to the schools. It is the goal of this year's drive to have a JRC unit in operation in every county school class room.

Miss Doris Kresse of Frances S. Stevens school is local Junior Red Cross chairman and Mrs. C. G. Scott of Riverside is county head.

Chia Sales Will Get Under Way Monday is Word

Chias, the Palm Springs High School year book, will go on sale Monday for a period of three weeks.

If a student possesses a student body card, the price of the annuals will be three dollars and seventy-five cents. Without a student body card, they will be four dollars.

A two dollar deposit may be made now, and the additional amount paid sometime in the future.

Sandra Veano, Chia editor, reported that the books this year, will even surpass last year's.

A recent survey by the magazine Printer's Ink shows that 61.1 per cent of the people in New York City would prefer radio without advertising. Only 16.3 per cent would prefer newspapers without advertising. A third of the people in New York City would be willing to pay \$10 per year to get their radio without advertising.

The first newspaper published regularly was printed in Germany in 1609.

Other dates of the evening were Arlene and Bob, Norma and Luke, Bobby and Frances, Bea and Gary, and Pat and Bob.

The festa in Hot Springs was the center of interest all day Saturday and that night. There were many contests including the bathing beauty contest of which the winners were Jo LaPlace, Joyce Skuse, and Penny Haley, respectively. That evening Connie and Pudge, Marlene and Gary, Adele and Bill, Sandra and Gary, Jackie and Jack, Natalie and Billy, Barb and Joey, Yours truly and Gary, Penny, Cat, D. D. Tubby, Pierce, Luke, Susan, Ned, and Pat R. were seen doing the town.

Sunday night Shirley and Lope, Ella and Byron, Nancy and Jim, Adele and Bill, and Mable and Eddie were spied here and there.

This winds up another week with the question—"When will Adele and Bill decide to go 'steady'?"

P. S. Flash! Latest Bulletin—They have!

The makers of Knox Hats have always shown resourcefulness in their advertising. During the Civil War Knox ran a newspaper advertisement claiming that a Knox Hat brought about the retreat of the Southern Army from Corinth, Miss. A Southern picket captured a Union soldier, along with his Knox Hat. The superb quality of hats worn by the enemy so demoralized the Southerners that they began an immediate retreat south.

Dramatics Class Starts Try-Outs For Fall Show

Nine girls arrived at Palm Springs High School Monday morning, October 18, and by Friday most of the students at school were acquainted with them, especially John Schwendiman's dramatics class.

Yes, the nine girls referred to is the three act play of that name written by Wilfrid H. Pettitt.

"Nine Girls" has had many successful performances on Broadway and was also produced as a motion picture. When produced on Broadway it starred such actresses as Barbara Bel Geddes and K. T. Stevens.

Tryouts were held Thursday in the auditorium with the dramatics class alone being the judges. "Some of the votes were very close," stated John Schwendiman, "especially those of Mary Jane, and Alice."

Those girls winning the various parts are:

Jane — Ellann Purnel, Eve — Nancy Nye, Frieda — Jackie Kingsbury, Alice — Marleen Watlet, Sharon (Glamourpuss) — Vicki Matloff, Betty (Tennessee) — Dawn Gallagher, Shirley — Connie Nash, Stella (Shotput) — Sandy Veano, Mary — Katie Mills.

Anne Welles will play the part of Phyllis in the prologue, and Tony Jupe will assist in the direction of the play.

Although the date of the performance is not yet definite, it will be before Christmas, and the theater used will be the El Paseo.

It is proposed at this time to give a Friday and Saturday night performance and a Saturday matinee.

Palm Springs High Band Going Strong These Days

As the first half of the Palm Springs vs. Beaumont football game was being wound up, so was the Palm Springs High School band making ready for its half-time performance.

Music and instruments were being adjusted, uniforms straightened, noses blown, and a new little pen light was being fitted with a red filter and fastened to each of the band members caps.

Within a few minutes after the half-time signal all that could be seen of the band was a formation of little red lights bobbing around the center of the field in a maze. As the first man reached the center of the circle he pulled the red filter from his pen light as did each man following him upon arriving at the same point. Thus with the red lights moving inward and the white lights moving outward the

desired affect was produced. When the latter stunt was finished the band quickly formed a B and played the Beaumont fight song.

This Sunday Gustave and his boys are marching in the Parade. They will feature a "Boogie March" with everything else that goes along with boogie woogie thrown in. The band will not present a stunt tonight at the football game with Hemet as other half-time entertainment has been scheduled.

CUT THE COST OF GOVERNMENT

Through direct or hidden levies, the present Administration has taxed each family in the United States an average of \$7,897 during its term in office. In spite of this tremendous payment, your proportionate share of the public debt stands at \$5,767; sooner or later, you must pay that debt.

Right now the Administration has two million people on the payroll — at nearly \$6 billion a year. Much of this is for useful services, but also much of it is wasted. Now — before it's too late — the people of the United States must stop wasteful spending. Before it's too late, we must cut the high cost of living by cutting the high cost of government.

How? By electing as President a man who knows how to cut government cost — a man who wants to cut it. That man is Thomas E. Dewey.

In his own state of New York, he cut income taxes 40% — saved today's taxpayers \$800,000,000. At the same time, Dewey built up surpluses (saved tomorrow's taxpayers \$673,000,000) ... under Dewey a veterans' bonus of \$400,000,000 was paid (and, by ten-year-financing, taxpayers saved \$140,000,000 in interest) ... Dewey increased state aid to local governments ... and reduced state debt \$136,000,000 in four years; DEWEY GETS THINGS DONE!

"House Divided" Library Favorite

By ANN WELLES

"House Divided," historical novel by Ben Ames Williams is one of the new "best sellers" Roxili Bohrer, librarian at P. S. H. S. has in the library.

This novel follows an American family, the Currains, through four generations and the civil war. A character study of a well-to-do southern family, "House Divided" describes the emotions and actions of this same family when members of their group are called away to that terrible war. Faunt, Anthony, Travis, Tilda, and "Cinda" are the brothers and sisters who with their families weave a tale of the changing standards of the south of that period. Their father was Abraham Lincoln's grandfather and when this disclosure is revealed to them, the effect of it follows their lives until the closing chapters.

One of my favorite characters is "Cinda, who with her utter frankness and zest for living seems to be a dominating factor in the lives of all those who surround her and her husband and family. People either loved Cinda or thought she was mad, but none of them forgot her powerful personality. Her quarrels, ambitions, and hopes were a reflection of the south of that day.

A book such as this should be read in such a manner that the reader has a full understanding of the magnitude of the work and care which it contains within its covers. It is a book that can't help but gain some definite response from any reader who has the desire to understand the characterization and events of a Civil war family.

All Saints Day To be Observed

All Hallows Day, the Anglo Saxon name for All Saints Day, from the Latin word sanctus, holy or set apart by holy inner nature for holy deeds. This short season was placed in the Christian calendar to commemorate the holy lives of the saints who have lived and died, and whose lives are too easily forgotten in the march of time.

The Rev. Robert M. Hogarth, rector, will preach two sermons Sunday morning in the Episcopal Church: at the Family Service hour, 9:45 a. m., on "The Hidden Life of the Saints" and at the late service at 11:00 a. m., on "Education for Sainthood."

On Monday, All Saints Day, at 10:00 a. m., Holy Communion will be celebrated. All members and visitors will be welcome. The women of St. Paul's Guild-Auxiliary will make their corporate communion in a body and present the semiannual collection of their United Thankoffering. They will adjourn afterwards for the Guild meeting at the home of Mrs. Frank W. Camp, 776 Mission road.

The Rev. Robert M. Hogarth and some members of the parish will be present on Monday, All Saints Day, at 4:30 p. m., when Bishop Bloy eyes the cornerstone of the beautiful new church for All Saints Parish, Riverside.

BRASS BAND 'N EVERYTHING—Frank Sinatra hired a San Bernardino brass band to greet Ruby of The Dunes when he stepped off a Golden State Limited train at the Palm Springs depot last Monday. Approximately 50 Villagers were on hand to lend their greetings too. Pictured above the brass band, Ruby with a corsage of scallions, his wife Connie and Sinatra who seems to be having a lot of fun. (Gayle Studio photo.)

Town & Country Host at Buffet

Owners and employees of business firms in "The Center," Wednesday night attended a special preview of the smart new Town & Country restaurant, which is located in the top of "The Center" and enjoyed a delightful buffet dinner as guests of George E. Clarke, president and general manager.

Guests not only enjoyed special foods but were taken behind the scenes to inspect the elaborate and modern stainless steel kitchen and special refrigeration equipment which has been installed in the new establishment.

The grand opening of Town & Country took place last night and drew a throng of Villagers.

In Press Club

George O. Wheeler, publisher of the Palm Springs Villager magazine, has been elected to membership in The Press Club of San Francisco.

The Gazette of the United States was the first newspaper to serve as a political weapon.

He Figured Some Big Shot Was Coming Into Village

Ruby of The Dunes was the most surprised individual to alight from the Southern Pacific's Golden State Limited at Palm Springs Depot in a long, long time Monday.

As the train pulled to a stop to permit the Villager to disembark, the notes of a brass band assailed his ears.

Thought Ruby, as he later declared:

"Must be some big-shot getting off the train here and as I stepped down the steps of the train coach, I looked in both directions for the celebrity not waiting to miss anything, especially when I saw a large group of people and the brass band playing."

But the reception was for Ruby himself, who had been absent from the Village for a month to be present at the bedside of his aging father in Detroit who successfully recovered from a serious operation.

The reception idea with the brass band was that of Frank Sinatra, who hired the musicians to come all the way from San Bernardino for the occasion. They played for 15 minutes while more than fifty people welcomed

the returning Villager home.

Among those present in addition to Sinatra and Ruby's wife Connie were: Mrs. Edith Barbeau, Mr. and Mrs. Harold Frisch, Mr. and Mrs. Marvin Weiss, Mr. and Mrs. Al Agazzoni, who presented Ruby with the keys to the city; Mr. and Mrs. Al Ligier, Rolin Dunlap who tendered a corsage made up of scallions, cabbage, celery and oranges; Mr. and Mrs. Joe San Juan, Mr. and Mrs. Sam Trowbridge, Mr. and Mrs. Merritt Smith and daughter Dixie, Mr. and Mrs. Stambaugh, Miss Bea Reich, Mrs. Doris Boisclair and daughter Cheryl, Bill Fadden, Miss Amelia Kusel, Alex (Racehorse) Harrison and Morty Jacobs who directed the brass band with a mop-handle baton.

Thieves Make Off With Lumber Lead

Leo Miszak, superintendent of the Young Construction company reported to police the theft of a 1000 feet of lumber from one of their construction jobs at the corner of North Indian avenue and Vista del Chino. Police were investigating.

Approval Placed On County Trail

Approval was placed on plans for a riding and hiking trail to cover Riverside county by the county planning commission and the measure will be sent to supervisors for adoption.

The system would be a part of the state long trail from the Oregon border to Mexico. The trail would pass through the Idyllwild area at its nearest point to the Village.

Corral Room Gives New Zest To Dining Out

A new adventure in dining out was added Tuesday with the opening of The Corral Room under the management of Sid Landfield and Fred Grey.

The new Cafe which adjoins The Hitching Post features dishes made famous in cafes and night clubs throughout the nation. Seafoods from the New England states and redsnapper from Florida are among those featured. The interior decorations of the new restaurant are gay and the coloring scheme was evolved with the assistance of Fritz von Schmidt, famous color consultant.

All of the pastries are prepared in the bakery department of the restaurant daily.

HIGH BLOOD PRESSURE

The magazine "This Week" says Hypertension (high blood pressure) kills twice as many as Cancer, many times more than TB, Pneumonia and other diseases put together. You hear of people dying of a "stroke" or "heart failure." In most cases the real cause is Hypertension. One out of 20 has Hypertension. A new method of treatment has recently been discovered and developed for treating this stubborn ailment. This new procedure is painless—No drugs, injections or surgery used.

Villagers, Back From Florida and Legion Meetings

Wilbur P. Davis and Ray Hiller, Village Legion delegates to the national convention in Miami, Florida returned to Palm Springs with a greater admiration for the Village as a winter resort and a greater love for the entire state of California.

Davis, who went to the convention as vice-president of the California delegation, acted as chairman when he arrived due to an accident that prevented Jack Short of San Francisco, the chairman, from attending.

Hiller, who attended as a district delegate, flew to the convention via Mexico City where he spent a day and night, then on to Yucatan where he lingered for two days studying ancient Mayan ruins and next, Cuba, where he also spent a day. He still arrived in time for the convention.

The spirit of all Legionnaires in Miami was considerably dampened, especially during the parade, by a three-inch rainfall, Hiller said.

Governor Earl Warren, who addressed the convention, sat during his stay at the convention with the California delegation which numbered approximately 400. He marched in the parade with this state's contingent. As an official of the California delegation Davis dined with the governor and met Morris Lieberman, mayor of Miami.

Mrs. Mary B. Smith celebrated her birthday October 19 with her daughter and son-in-law Florence and Orville McRory, entering in the fun were Connie and Johnny DeVine, Tom Walker, Ray Anderson. The evening was spent playing cards.

Views of Villagers

Editor Desert Sun:

In regard to the sign ordinance, we can only recommend or suggest to council, not force them into doing, but I believe it is the consensus of opinion among the officers that the new ordinance is so radically unjust as to deserve a repeal in its entirety, and start anew, by re-activating the old ordinance of 1940 with necessary amendments, but to preserve the vast majority of signs now in use, as is. There is no necessity by any stretch of the imagination for resetting, reducing size, location either as to height or setback of the now existing signs. In some isolated cases, the signs may not conform with those of surrounding businesses, or perhaps there are even some which now exist without license. These licenses could be required within a certain period of time, but only the fee need be paid and sign merely straightened up or repainted, just as necessary to make them to conform with existing signs.

We want the city to be kept beautiful, and the old ordinance plus the stipulation that signs may be set at right angles or otherwise according to necessity of the property affected is sufficient. Also roof sign should be permitted where consistent with others of the neighborhood. But to go through as has been done with the proverbial axe, and chop out everything, is a silly gesture which will have to be corrected by a future ordinance if such an act is carried on, and any part of the present sign ordinance enforced.

I believe the only complaint that any of us would have, is those unjust provisions of the ordinance as passed by the former council who took this action. I have repeatedly requested in open meeting an explanation as to what was really back of the move to enact this ordinance when we already had an almost exact duplicate of the sign ordinance enacted in 1940. So far no real explanation has been given. Therefore, if what the former council had in mind when passing this notorious instrument was to bury a couple of unjust clauses which will hit almost every businessman in town, then the present council should without delay, repeal this sign ordinance. I can't believe there was an ulterior motive in the minds of either planning commission or that former body, to all alike. And it must be done that way... or repealed, I say "repeal it."

It would be a shame to mutilate such signs as La Salle Dubois, Chi Chi, (a brand new one) Doll House, Jerry's Market, Smoke Tree, Deep Well, Castas Del Monte, Del Tahquitz Hotel, Kona Inn, Lone Palm Hotel, to say nothing of some others I have previously mentioned like

But what does it control? Liquor or the issuance of liquor licenses? No women. The heavy hand of control falls on women. It states that unescorted women may not set at bars but must be segregated at tables! This is very suggestive. Perhaps this is why Senator Swing says that the bar room will then become a place to promote "social and moral welfare."

Excellent is also made for the regulation of lighting and ventilation in bars. Something doubtless needed but it seems to me these are very minor matters, almost trivial, for which to ask the electorate to go to the polls to change the Constitution of the State of California. Every right thinking hotel keeper ought to take care of these small matters without requiring a law to force him to do so.

There are some other clauses on No. 2 but most of the thing suggested are already taken care of by existing state laws.

Fellow citizens, do not be misled. The interests behind No. 2 are screaming and screaming on the radio that No. 12 will bring "prohibition"—That is a good catch-word for propaganda for they know the American people don't like it.

Proposition 12 will not and cannot bring back prohibition. Only by vote of the people can this be done. It can come in no other way. And is not majority rule a democratic principle of which we American are justly proud? It merely gives the people a right to vote on these matters, a right which they do not have now.

I wish every voter would read the arguments pro and con in the booklet sent to them by the secretary of state before going to the polls.

If we have confidence in the judgment of men like Rufus B. von Kleinsmid, Dr. Robert A. Millikan, George Pepperdine, Su-
